Re: Record search results for the proposed Amáre Apartment Homes Project,  
Assessor's Parcel Numbers 161-400-009 and 161-400-010, Martinez, Contra Costa  
County, Martinez, CA.

Dear Mr. Stinson:

Per your request received by our office on June 30, 2016, a records search was conducted for the above referenced project by reviewing pertinent Northwest Information Center (NWIC) base maps that reference cultural resources records and reports, historic-period maps, and literature for Contra Costa County. Please note that use of the term cultural resources includes both archaeological resources and historical buildings and/or structures.

Review of this information indicates that there has been no cultural resource study that covers the Amáre Apartment Homes project area. This project area contains no recorded archaeological resources. The State Office of Historic Preservation Historic Property Directory (OHP HPD) (which includes listings of the California Register of Historical Resources, California State Historical Landmarks, California State Points of Historical Interest, and the National Register of Historic Places) lists no recorded buildings or structures within the project area, there are however, two listed within a ¼ mile radius of the proposed project area; 2034 Arnold Drive (P-07-002711 & property # 154493) with a status code of 6Y, meaning it was determined ineligible for National Register (NR) by consensus through Section 106 process, and not evaluated for California Register (CR) or Local Listing; and the Contra Costa Canal (P-07-002695 & property # 154520) with status codes 2S2, meaning this individual property was determined eligible for the NR by a consensus through Section 106 process, and listed in the CR, and 7J, meaning it was received by OHP for evaluation or action but not yet evaluated.

In addition to these inventories, the NWIC base maps show no recorded buildings or structures within the proposed project area, there are however eight additional recorded buildings within a ¼ mile radius of the project area, P-07-002712 at 1138 Temple Drive, P-07-002713 at 1136 Temple Drive, P-07-002732 at 1134 Temple Drive, P-07-002733 at 1132 Temple Drive, P-07-002734 at 1130 Temple Drive, P-07-002735 at 1128 Temple Drive, P-07-002736 at 1126 Temple Drive, and P-07-002737 at 1124 Temple Drive.

At the time of Euroamerican contact the Native Americans that lived in the area were speakers of the Karkin language, part of the Costanoan language family (Levy 1978:485). There are no Native American resources in or adjacent to the proposed project area referenced in the ethnographic literature (Cook 1957).

Based on an evaluation of the environmental setting and features associated with known sites, Native American resources in this part of Contra Costa County have been found in areas marginal to the Carquinez Strait and Suisun Bay, and inland on ridges, midslope benches, in valleys and near intermittent and perennial watercourses. The Amáre Apartment Homes project area is located approximately ½ mile from historic marshlands and creeks, and is located at a drainage canyon between two hills. Given the similarity of one or more of these environmental factors, there is a moderate potential for unrecorded Native American resources in the proposed Amáre Apartment Homes project area.

Review of historical literature and maps gave no indication of the possibility of historic-period activity within the Amáre Apartment Homes project area (1864 Las Juntas Rancho map, 1897 and 1915 Concord USGS 15-minute topographic quadrangle). With this in mind, there is a low potential for unrecorded historic-period archaeological resources in the proposed Amáre Apartment Homes project area.

The 1959 Walnut Creek USGS 7.5-minute topographic quadrangle fails to depict any buildings or structures within the Amáre Apartment Homes project area; therefore, there is a low possibility of identifying any buildings or structures 45 years or older within the project area.

## **RECOMMENDATIONS:**

- 1) There is a moderate potential of identifying Native American archaeological resources and a low potential of identifying historic-period archaeological resources in the

project area. We recommend a qualified archaeologist conduct further archival and field study to identify cultural resources. Field study may include, but is not limited to, pedestrian survey, hand auger sampling, shovel test units, or geoarchaeological analyses as well as other common methods used to identify the presence of archaeological resources. Please refer to the list of consultants who meet the Secretary of Interior's Standards at <http://www.chrisinfo.org>.

2) We recommend the lead agency contact the local Native American tribe(s) regarding traditional, cultural, and religious heritage values. For a complete listing of tribes in the vicinity of the project, please contact the Native American Heritage Commission at 916/373-3710.

3) The proposed project area contains no recorded buildings or structures. Our research indicates that there are ten recorded buildings or structures within a ¼ mile radius, including, P-07-002695, P-07-002711, P-07-002712, P-07-002713, P-07-002732, P-07-002733, P-07-002734, P-07-002735, P-07-002736, and P-07-002737; therefore, prior to commencement of project activities, it is recommended that these resources be assessed by a professional familiar with the architecture and history of Contra Costa County. Please refer to the list of consultants who meet the Secretary of Interior's Standards at <http://www.chrisinfo.org>.

4) Review for possible historic-period buildings or structures has included only those sources listed in the attached bibliography and should not be considered comprehensive.

5) If archaeological resources are encountered **during construction**, work should be temporarily halted in the vicinity of the discovered materials and workers should avoid altering the materials and their context until a qualified professional archaeologist has evaluated the situation and provided appropriate recommendations. Project personnel should not collect cultural resources. Native American resources include chert or obsidian flakes, projectile points, mortars, and pestles; and dark friable soil containing shell and bone dietary debris, heat-affected rock, or human burials. Historic-period resources include stone or adobe foundations or walls; structures and remains with square nails; and refuse deposits or bottle dumps, often located in old wells or privies.

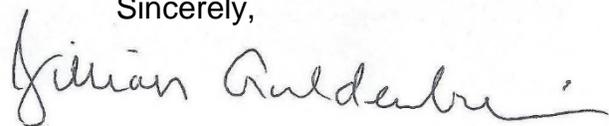

6) It is recommended that any identified cultural resources be recorded on DPR 523 historic resource recordation forms, available online from the Office of Historic Preservation's website: [http://ohp.parks.ca.gov/default.asp?page\\_id=1069](http://ohp.parks.ca.gov/default.asp?page_id=1069)

Due to processing delays and other factors, not all of the historical resource reports and resource records that have been submitted to the Office of Historic Preservation are available via this records search. Additional information may be available through the federal, state, and local agencies that produced or paid for historical resource management work in the search area. Additionally, Native American tribes have historical resource information not in the California Historical Resources Information System (CHRIS) Inventory, and you should contact the California Native American Heritage Commission for information on local/regional tribal contacts.

The California Office of Historic Preservation (OHP) contracts with the California Historical Resources Information System's (CHRIS) regional Information Centers (ICs) to maintain information in the CHRIS inventory and make it available to local, state, and federal agencies, cultural resource professionals, Native American tribes, researchers, and the public. Recommendations made by IC coordinators or their staff regarding the interpretation and application of this information are advisory only. Such recommendations do not necessarily represent the evaluation or opinion of the State Historic Preservation Officer in carrying out the OHP's regulatory authority under federal and state law.

Thank you for using our services. Please contact this office if you have any questions, (707) 588-8455.

Sincerely,

A handwritten signature in cursive script that reads "Jillian Guldenbrein". The signature is written in black ink and is positioned above the printed name and title.

Jillian Guldenbrein  
Researcher

## LITERATURE REVIEWED

In addition to archaeological maps and site records on file at the Northwest Information Center of the Historical Resources Information System, the following literature was reviewed:

Bowman, J.N.

1951 *Adobe Houses in the San Francisco Bay Region*. Geologic Guidebook of the San Francisco Bay Counties, Bulletin 154. California Division of Mines, Ferry Building, San Francisco, CA.

## California Historical Resource Status Codes

### **1 Properties listed in the National Register (NR) or the California Register (CR)**

- 1D Contributor to a district or multiple resource property listed in NR by the Keeper. Listed in the CR.
- 1S Individual property listed in NR by the Keeper. Listed in the CR.
  
- 1CD Listed in the CR as a contributor to a district or multiple resource property by the SHRC
- 1CS Listed in the CR as individual property by the SHRC.
- 1CL Automatically listed in the California Register – Includes State Historical Landmarks 770 and above and Points of Historical Interest nominated after December 1997 and recommended for listing by the SHRC.

### **2 Properties determined eligible for listing in the National Register (NR) or the California Register (CR)**

- 2B Determined eligible for NR as an individual property and as a contributor to an eligible district in a federal regulatory process. Listed in the CR.
- 2D Contributor to a district determined eligible for NR by the Keeper. Listed in the CR.
- 2D2 Contributor to a district determined eligible for NR by consensus through Section 106 process. Listed in the CR.
- 2D3 Contributor to a district determined eligible for NR by Part I Tax Certification. Listed in the CR.
- 2D4 Contributor to a district determined eligible for NR pursuant to Section 106 without review by SHPO. Listed in the CR.
- 2S Individual property determined eligible for NR by the Keeper. Listed in the CR.
- 2S2 Individual property determined eligible for NR by a consensus through Section 106 process. Listed in the CR.
- 2S3 Individual property determined eligible for NR by Part I Tax Certification. Listed in the CR.
- 2S4 Individual property determined eligible for NR pursuant to Section 106 without review by SHPO. Listed in the CR.
  
- 2CB Determined eligible for CR as an individual property and as a contributor to an eligible district by the SHRC.
- 2CD Contributor to a district determined eligible for listing in the CR by the SHRC.
- 2CS Individual property determined eligible for listing in the CR by the SHRC.

### **3 Appears eligible for National Register (NR) or California Register (CR) through Survey Evaluation**

- 3B Appears eligible for NR both individually and as a contributor to a NR eligible district through survey evaluation.
- 3D Appears eligible for NR as a contributor to a NR eligible district through survey evaluation.
- 3S Appears eligible for NR as an individual property through survey evaluation.
  
- 3CB Appears eligible for CR both individually and as a contributor to a CR eligible district through a survey evaluation.
- 3CD Appears eligible for CR as a contributor to a CR eligible district through a survey evaluation.
- 3CS Appears eligible for CR as an individual property through survey evaluation.

### **4 Appears eligible for National Register (NR) or California Register (CR) through other evaluation**

- 4CM Master List - State Owned Properties – PRC §5024.

### **5 Properties Recognized as Historically Significant by Local Government**

- 5D1 Contributor to a district that is listed or designated locally.
- 5D2 Contributor to a district that is eligible for local listing or designation.
- 5D3 Appears to be a contributor to a district that appears eligible for local listing or designation through survey evaluation.
  
- 5S1 Individual property that is listed or designated locally.
- 5S2 Individual property that is eligible for local listing or designation.
- 5S3 Appears to be individually eligible for local listing or designation through survey evaluation.
  
- 5B Locally significant both individually (listed, eligible, or appears eligible) and as a contributor to a district that is locally listed, designated, determined eligible or appears eligible through survey evaluation.

### **6 Not Eligible for Listing or Designation as specified**

- 6C Determined ineligible for or removed from California Register by SHRC.
- 6J Landmarks or Points of Interest found ineligible for designation by SHRC.
- 6L Determined ineligible for local listing or designation through local government review process; may warrant special consideration in local planning.
- 6T Determined ineligible for NR through Part I Tax Certification process.
- 6U Determined ineligible for NR pursuant to Section 106 without review by SHPO.
- 6W Removed from NR by the Keeper.
- 6X Determined ineligible for the NR by SHRC or Keeper.
- 6Y Determined ineligible for NR by consensus through Section 106 process – Not evaluated for CR or Local Listing.
- 6Z Found ineligible for NR, CR or Local designation through survey evaluation.

### **7 Not Evaluated for National Register (NR) or California Register (CR) or Needs Reevaluation**

- 7J Received by OHP for evaluation or action but not yet evaluated.
- 7K Resubmitted to OHP for action but not reevaluated.
- 7L State Historical Landmarks 1-769 and Points of Historical Interest designated prior to January 1998 – Needs to be reevaluated using current standards.
- 7M Submitted to OHP but not evaluated - referred to NPS.
- 7N Needs to be reevaluated (Formerly NR Status Code 4)
- 7N1 Needs to be reevaluated (Formerly NR SC4) – may become eligible for NR w/restoration or when meets other specific conditions.
- 7R Identified in Reconnaissance Level Survey: Not evaluated.
- 7W Submitted to OHP for action – withdrawn.
