

2024 Bay Area Affordable Housing Bond – Community Meetings

Please join Contra Costa County staff for a presentation on Bay Area Housing Finance Authority (BAHFA), including the BAHFA-proposed \$10 to \$20 billion Bay Area wide affordable housing regional bond planned to be included on the November 2024 ballot.

If approved by voters across the Bay Area region, the bond measure would support affordable housing production, preservation, and protect at-risk households. Contra Costa County Department of Conservation and Development is hosting five in-person and two virtual public informational meetings to discuss the Contra Costa expenditure plan.
